Proud of the Laboring Man.

Editor Advertiser: Every citizen should feel pleased with this, our first celebration of Labor Day. I have just heard of four excellent addresses. Mr. Andrews' oratory and Mr. Stewart's sound political economy are seldom equalled by public speakers. Messrs. Murphy and Angus delivered splendid addresses, though they had little time and no preparation for the occasion. Mr. Stewart's address would be a model piece of composition on a college curriculum, either as to its pure English or sound political economy. And though there was no "spread-eagle" oratory, no denunciation of European systems, no stirring up of prejudice, yet the orators were cheered whenever good advice was given, or beautiful sentences delivered, which shows how intelligent our workmen are. And though the saloons were open, saw no signs of intoxication amongst the vast audience. As a citizen, I am proud of our laboring men and proud of our orators. R. LAW.

Porto Rican Labor.

A wireless dispatch to the News last Saturday—received too late for insertion, by the way—states that before the end of the year 3,000 Porto Ricans will be brought to the Islands as laborers. Of course, if white labor could be used here it would be better, but there is no doubt but that Porto Ricans as laborers are by far a more desirable class of laborers than Japanese or Chinese, for the single reason that their earnings will not be shipped away every month, but will remain here in circulation. With plenty of good food, the Porto Ricans will, as a class, become robust and strong laborers, and their advent bids fair to prove a solution of the labor problem.—Maui News.

LOCAL BRIEVITIES.

Hawaii's Young People for September is out.

The San Francisco demand for Hawaiian alligator pears is gradually increasing.

Nothing has been done as yet for the protection from the wind of travelers at the Fall.

Seats for the second concert of Gerardi, the "cellist," will be placed on sale this morning at Wall, Nichols & Co's.

The Pastors' meeting, to have been held yesterday at 10 a. m., was adjourned to Monday, September 9th, when there will be an election of officers for the coming season.

The concert of the band at the Hawaiian Hotel this evening will be in honor of General Breckenridge and Jean Gerardi, and the national airs will be a feature of the program.

A gentleman who was riding a wheel yesterday was run down by a two-horse vehicle and badly bruised. He was conveyed to his room at the Alakea House, and was attended by Dr. Herbert.

The marriage of Captain Samuel Johnson, of the First Regiment, N. G. H., and Miss Olive Pearl Cameron, will take place on Tuesday evening, September 10, at the residence of Mrs. E. Williams, Chaplain Lane. Miss Alice Johnson will be the bridesmaid, and Mr. Ralph Raymond the best man.

Many of the small Portuguese and Chinese stores in the suburbs have run entirely out of potatoes, onions, canned goods and other commodities, on account of the difficulty in obtaining supplies from San Francisco. The prevailing price of potatoes in the small stores is now four cents per pound.

A big blaze near Pearl City, which was plainly visible from various parts of the city last evening, caused considerable apprehension, as it appeared to be among the cane on Oahu plantation. A telephone message from the plantation last night quieted all fears, as the red glare was simply caused by the burning of trash.

John Medeiros, a young Portuguese boy, who was returning yesterday evening from the Labor Day sports at Kapiolani Park, essayed to climb to the top of a tramcar on the way down town. When Eva of the switch near the Hotel Annex the boy fell from the roof to the ground, striking on his head. He was picked up unconscious, and the police station was immediately telephoned. The patrol wagon responded to the call, and the unfortunate boy was conveyed to the house of his parents in the Portuguese section of Punchbowl. The youth's injuries are of the most painful character, and it is quite possible that internal harm was inflicted. The doctors attending stated that the boy was suffering from concussion of the brain.

Wailuku's Fond Hopes.

Wailuku is to be congratulated on the certainty of a national bank being established here in the near future. The county seat of Maui will be located at Wailuku, whenever Maui becomes a county, which makes it all the more necessary that a bank should be established here. Only last week, the Wailuku postoffice handled over \$5,000, and of course the bank will eventually take over the most of this business. A bank will pay here, almost from the start.—Maui News.

If you wish to do a charitable act which costs you nothing, buy coffee from the Kona Coffee Store. The headquarters are at the Woman's Exchange, 314 Fort street. Orders sent in by telephone 1621 Blue will be promptly delivered.

Spruance, Stanley & Co's celebrated brands of "Kentucky Favorite" and "O. F. C." whiskies stand the highest.

To Buy Plumbing Material

WITHOUT A PLUMBER to put up the articles in first-class style is of very small advantage to the average householder. The people of Honolulu have been "cinched" so often by plumbers that they are afraid to set one onto a job by day's work.

BAILEY'S PLUMBING SHOP will put your plumbing in condition and connect with the sewer for a very low figure. And guarantee the job will PASS INSPECTION by the GOVERNMENT officials. And also guarantee that day's work by honest men is cheaper than contract. Contracts are taken, however, and promptly filled by

What The Bible Says About Linen Underwear.

Ezekiel xlv:17-18 reads: "They shall be clothed with linen garments and no wool shall come upon them . . . they shall not gird themselves with anything that causeth sweat."

Hippocrates, the father of medicine, gave the following advice: "Pure linen should be worn next to the skin."

Another writer asserts that want of linen causes leprosy.

We don't handle linen underwear for men, but for women we have a few samples to be sold at San Francisco prices. A complete stock will arrive in a few days. Ask for the
